

FP7 2012 Work Programme International Dimension Opportunities for Russia

1

EUROPEAN
COMMISSION

EU - BUILDING AN
INNOVATION UNION

FP7 Work Programmes

- Legal basis for the implementation of FP7
- Contain full information on the calls for proposals to be published in 2011-2012
 - Details of topics and expected impacts, budgets and timing of calls etc
- Work programme of actions of over €8 billion, including:
 - 39 calls issued on 20 July 2011 with budget of €5.31 billion
 - Additional 15 calls for €1.74 billion to be issued in 2011-2012
 - Other non-call activities also included

Participation of Russia in FP7

- All areas of FP7 open to the participation of Russian researchers and/or research organisations
- Discussion under EU-Russia S&T Cooperation Agreement on areas of potential mutual interest
- International Cooperation Partner Country (ICPC)
 - Same rights and obligations for receiving funding as MS
- Consortia must have the minimum required number of MS/AC participants
- Currently 391 Russian research organisations are participating in 264 FP7 Grant Agreements, receiving €45.6 million of EU funding

- Two major calls – 20 July (€654 million)
- Research priorities:
 - Major focus on: ageing, including health systems, medical technologies, rare diseases
 - Other areas covered: personalised medicine, availability of organs for replacement, better understanding of ageing, chronic diseases related to ageing, adapting healthcare to specific needs
- Strong emphasis on SMEs and medical technologies sector
- Supporting Pilot Initiative on Active and Healthy Ageing and the ongoing Innovative Medicines Initiative PPP

Health – Interest for Russia

- All topics of the main call FP-HEALTH-2012-INNOVATION-1 are open for Russian participation
- Topics of particular interest may include:
 - Health Systems and Services SICA [Topic: HEALTH.2012.3.4-1]
- Other topics in areas of mutual interest may include:
 - Ageing population – several topics – area of interest for Russia
 - Diabetes - 2 topics – area of mutual EU-Russia interest
 - Rare diseases – several topics – need for international collaboration
 - ERA-NET on infectious diseases

- One call - 20 July (€304.57 million)
- Research Priorities
 - Sustainable primary production; mitigating and adapting to climate change
 - Low carbon and resource efficient industry
 - Food security and safety for Europe and beyond
 - Socially inclusive and healthy Europe
- Calls have an emphasis on
 - Completing ERA
 - Linking existing and new initiatives for the bio-based economy
 - Stimulating innovation including knowledge transfer
 - Supporting European policies (CAP, CFP, Key Enabling Technologies etc)
 - Supporting international initiatives (eg. Millenium Development Goals)

KBBE – Interest for Russia

- All topics open for Russian participation
- Topics of particular interest may include:
 - Insects as novel sources of protein SICA [Topic: KBBE.2012.2.3-05]
 - African Swine Flu - Russia targeted [Topic: KBBE.2012.1.3-02]
 - Global Food Safety - targeted to international partners [Topic: KBBE.2012.2.4-03]
 - Food safety/quality related to parasites in seafood - targeted to Asian partners [Topic: KBBE.2012.2.4-02]
 - Food and health research infrastructures - need for international / links to infrastructures in third countries [Topic: KBBE.2012.2.2-02]
 - Support to standardisation for bio-based products - need for harmonising standards with major trading partners [Topic: KBBE.2012.3.3-02]

KBBE – Interest for Russia

- Other topics in areas of mutual interest may include:
 - Forestry research – several topics - area of mutual EU-Russian interest
 - Fisheries management - several topics also covering Baltic and Black Seas
 - International comparisons of product supply chains in the agro-food sector **[Topic: KBBE.2012.1.4-09]**
 - Risk management of food allergies - need for comparisons of populations across Europe **[Topic: KBBE.2012.2.4-04]**
 - Animal health surveillance - methodologies should be applicable to other world areas **[Topic: KBBE.2012.1.3-01]**
 - Post-market monitoring of GMOs based on epidemiological studies - calls for international comparisons **[Topic: KBBE.2012.2.4-05]**
 - Innovative biotechnologies for tackling oil spill disasters **[Topic: KBBE.2012.3.5-01]**
 - ERA-NETs in synthetic biology and sustainable exploitation of marine resources **[Topics: KBBE.2012.3.6-01 and KBBE.2012.1.2-13]**

- Three ICT Calls - Call 8 (20 July; €787 million), Call 9 (18 January; €291 million), Call Future Internet (18 May; €80 million)
- Three Cross-thematic calls - Factories of the Future (20 July; 160 million); Energy-Efficient Buildings (20 July; 140 million); ICT for Green Cars (20 July; €330 million)
- FET call - still open for proposals
- Extension of 2011 work programme
- Focus around number of key challenges:
 - pervasive and trusted network and service infrastructures
 - cognitive systems and robotics
 - alternative paths to components and systems
 - technologies for digital content and languages
 - ICT for health, ageing well, inclusion and governance
 - ICT for a lower carbon economy
 - ICT for manufacturing & factories of the future
 - ICT for learning and access to cultural resources
- Support also for Future and Emerging Technologies (FET)

ICT – Interest for Russia

- All topics open for Russian participation
- Topics of particular interest may include:
 - International partnership building and support to dialogues [Topic: ICT-2011.10.3]
 - Future internet research and experimentation - cooperation with industrialised countries/emerging economies [Topic: ICT-2011.1.6]
 - Future networks - international partners targeted for support actions [Topic: ICT-2011.1.1]
 - Challenging current thinking - actions aiming to strengthen the international dimension of FET [Topic: ICT-2011.9.1]
 - International cooperation on FET research [Topic: ICT-2011.9.4]
 - FET Proactive - Dynamics of Multi-level complex systems, unconventional computation, and neuro-bio-inspired systems - global alliances [Topic: ICT-2011.9.7] [Topic: ICT-2011.9.6] and [Topic: ICT-2011.9.11]
 - ICT for fully electric vehicles [Topic: GC-ICT-2011.6.8]

- Four calls - 20 July, €292.5 million
- Three cross-thematic calls - Factories of the Future, Energy Efficient Buildings, and Green Cars - 20 July (€335 million)
- Focus on smart and sustainable growth for a greener industry
- Challenges addressed include:
 - Energy and energy efficiency
 - Environmental issues and sustainability
 - Raw materials
 - Health and safety
 - Factories of the future
 - European energy-efficient buildings
 - Green cars

NMP Interest for Russia

- All topics open for Russian participation
- Topics of particular interest may include:
 - Total safety management for industrial organisations - international cooperation welcomed [Topic: NMP.2012.3.0-2]
 - Support for standardisation needs - international cooperation welcomed [Topic: NMP.2012.4.0-2]
 - Advanced magnetic materials - international cooperation welcomed [Topic: NMP.2012.4.1-3]
- Other topics in areas of mutual interest may include:
 - Advanced materials for high temperature power development - SICA targeted at Eastern Partnership countries
 - Nanosafety - several topics - area of mutual EU-Russian interest
 - Biomaterials for medical implants - area of mutual EU-Russian interest

NMP Interest for Russia

- All topics open for Russian participation
- Topics of particular interest may include:
 - Total safety management for industrial organisations - international cooperation welcomed [Topic: **NMP.2012.3.0-2**]
 - Support for standardisation needs - international cooperation welcomed [Topic: **NMP.2012.4.0-2**]
 - Advanced magnetic materials - international cooperation welcomed [Topic: **NMP.2012.4.1-3**]
- Other topics in areas of mutual interest may include:
 - Advanced materials for high temperature power development - SICA targeted at Eastern Partnership countries
 - Nanosafety - several topics - area of mutual EU-Russian interest
 - Biomaterials for medical implants - area of mutual EU-Russian interest

- Three calls - 20 July - €262 million
- Focus on the implementation plans and road maps of the European Strategic Energy Technology Plan (SET-Plan)
- Aim to accelerate market take up of most promising technologies in:
 - Solar
 - Wind
 - Bioenergy
 - Smart grids
 - Carbon Capture and Storage (CCS)
 - Smart cities

Energy Interest for Russia

- All topics open for Russian participation
- Topics of particular interest may include:
 - Impact of the quality of CO2 on transport and storage - targeted at Russia and other CSLF members [Topic: ENERGY.2012.5.2.1]
- Other topics in areas of mutual interest may include:
 - Biofuels
 - CCS
 - Electricity networks
 - Energy efficiency
 - Urban heating and cooling
 - Future and emerging technologies

Environment

- Two calls - 20 July - €255 million
- Focus on five challenges for resource efficiency and climate resilience:
 - Coping with climate change
 - Sustainable use and management of land and seas
 - Improving resource efficiency
 - Protecting citizens from environmental hazards
 - Mobilising environmental knowledge for policy, industry and society
- Most topic areas are evaluated through a two-stage process
- Emphasis on innovation
- All topics open to international participation

Environment Interest for Russia

- All topics open for Russian participation
- Topics of particular interest, all of which encourage international cooperation, may include:
 - Development of advanced techno-economic modelling tools for assessing costs and impacts of mitigation policies [Topic: ENV.2012.6.1-2]
 - Strategies, costs and impacts of adaptation to climate change [Topic: ENV.2012.6.1-2]
 - Operational potential of ecosystems services and natural capital for sustainable land, water and urban management - international collaboration encouraged [Topic: ENV.2012.6.2-1]
- Other topics in areas of potential interest may include:
 - Topics relevant to the Marine Strategy Framework Directive - covers Black and Baltic Seas
 - Earth observation
 - Energy efficiency
 - Resource efficiency indicators
 - Standardisation needs
 - Advancing knowledge on role of environment on health and well-being in support of a European exposome initiative

- Seven calls to be published on 20 July
 - Aeronautics (three calls - €145 million)
 - Surface Transport (one call - €114 million)
 - Horizontal issues (two calls - €36 million)
 - Cross-thematic (one call - €35 million)
- Three strategic research and innovation priorities for 2012:
 - Eco-innovation
 - Safe and seamless mobility
 - Competitiveness through innovation

Transport Interest for Russia

- All topics open for Russian participation
- Topics of particular interest may include:
 - Europe to Asia - rail research collaboration - Russia specifically targeted [Topic: SST.2012.2.5-2]
 - Safety of ships in Arctic conditions - Russia specifically targeted [Topic: SST.2012.4.1-2]
 - Innovation for efficient urban bus systems - international cooperation encouraged [Topic: SST.2012.3.2-1]
 - Fostering innovation for transnational transport research cooperation - experiences from other industrialised countries encouraged [Topic: TPT.2012.3-1]
 - Aircraft safety - 6 topics - international cooperation encouraged [Area: AAT.2012.1.3.3]
 - Operational safety - 4 topics - international cooperation encouraged [Area: AAT.2012.1.3.4]
 - Integrated approach to safe flights under icing conditions [Topic: AAT.2012.3.5.1]
- Other topics in areas of mutual interest may include:
 - Rail research, ITS and urban transport - several topics - areas of mutual interest
 - Topics relevant to the Marine Strategy Framework Directive - covers Black and Baltic Seas
 - Vulnerability of European transport systems to extreme weather events/natural disasters

Socio-Economic Sciences and the Humanities (SSH)

- Two calls - 20 July - €87 million
- Four priorities for 2012 work programme:
 - The Innovation Union in support of smart growth
 - Inclusive and sustainable growth
 - Reshaping the European economy and strengthening the political unity of the EU
 - Support for developing the external policies of the EU
- International cooperation strongly encouraged in all topics and challenges in 2012

SSH Interest for Russia

- All topics open for Russian participation
- Topics of particular interest may include the following challenges all of which call for international cooperation:
 - Education systems in the 21st century [Topic: SSH.2012.1.1-1]
 - Governance of cohesion and diversity in urban contexts [Topic: SSH.2012.2.2-1]
 - Making longevity an asset for economic/social development [Topic: SSH.2012.3.1-1]
 - Families in transition [Topic: SSH.2012.3.2-1]
 - Human rights in EU external relations/internal policies [Topic: SSH.2012.4.2-1]
 - Exercising EU citizenship: removing barriers [Topic: SSH.2012.5.1-1]
- Other topics in areas of mutual interest may include:
 - Research agendas on economic policy, prioritisation and coordination in Europe
 - Climate change uncertainties - Pacific front
 - Dealing with diversity and cohesion - Roma in Europe
 - Mobilising the network of SSH NCPs

- One call - 20 July - 84 million
- Focus in 2012:
 - The development of GMES
 - (Pre)-operational validation of GMES services and products
 - Support to the coordinated provision of observation data
 - Development of earth observation satellites
 - Strengthening the foundations of space S&T
 - Research to support space science and exploration
 - Research to support space transportation and key technologies
 - Cross-cutting activities

Space interest for Russia

- All topics open for Russian participation
- Topics of particular interest may include:
 - Support for emergency response management - should target areas inside or outside of Europe [Topic: SPA.2012.1.1-04]
- Or the following topics targeted to countries with an EU S&T Cooperation Agreement
 - GMES Climate change - data archiving and exchange [Topic: SPA.2012.1.3-03]
 - Exploitation of space science and exploration data [Topic: SPA.2012.2.1-01]
 - Key technologies enabling observations in and from space [Topic: SPA.2012.2.2-01]
 - Key technologies for in-space activities [Topic: SPA2012.2.2-02]

23

- One call - 20 July - €241.7 million
- Seven activity areas:
 - Security of citizens
 - Security of infrastructures and utilities
 - Intelligent surveillance and border security
 - Restoring security and safety in case of crisis
 - Security systems integration, interconnectivity and interoperability
 - Security and society
 - Security research coordination and structuring

Security Interest for Russia

- All topics open for Russian participation
- Topics of potential interest, all of which call for international cooperation, include:
 - Drinking water security management and mitigation against CBRN contamination [Topic: SEC.2012.1.5-02]
 - Countering illegal export of metal-bearing waste [Topic: SEC.2012.2.2-1]
 - Air traffic management/control threat assessment [Topic: SEC.2012.2.2-2]
 - Improving security in air cargo transport [Topic: SEC.2012.2.2-3]
 - Aviation security - reducing costs and facilitating passenger flows [Topic: SEC.2012.2.2-4]
 - Security of supply chain [Topic: SEC.2012.2.4-1]
 - Development of mobile laboratories/facilities for rapid assessment of CBRN events [Topic: SEC.2012.4.4-1]
 - Use of communication/social media in crises [Topic: SEC.2012.6.1-3]
- Other topics of potential interest may include:
 - Preparedness for and management of large-scale fires [Topic: SEC.2012.4.1-4]

Research Infrastructures

- One call - 20 July - €90 million
- Last call in FP7, call budget to be supplemented in 2013
- Main lines of action:
 - Support to existing research infrastructures
 - Support to new research infrastructures/major upgrades
 - Support for policy development/programme implementation
- All topics open for Russian participation

Research Infrastructures – Interest for Russia

- All topics open for Russian participation
- Topics of particular interest may include:
 - Coordination actions, conferences and studies supporting policy development, including international cooperation, for e-Infrastructures **[Topic:INFRA-2012-3.3]**
 - Biological Resources Centres for micro-organisms - global approach **[Topic:INFRA-2012-1.1.6]**
 - Experimental facilities for animal disease infectiology - global approach **[Topic:INFRA-2012-1.1.7]**
 - Plant Genetic Resources Centres - global approach **[Topic:INFRA-2012-1.1.10]**

Science in Society

- One call - 20 July - €37.4 million
- Focus on enabling responsible research and innovation (RRI) in the European Research Area
- All topics open for Russian participation
- Topics calling for international cooperation, which may be of potential interest include:
 - International coordination in RRI [\[Topic:SiS-2012.1.2.1-1\]](#)
 - Scientific data: open access, dissemination, preservation and use [\[Topic:SiS-2012.1.3.3-1\]](#)

28

International Cooperation

- Two calls - 20 July - €32 million
- Focus on
 - Bi-regional cooperation for addressing societal challenges, supporting policy dialogue and developing cooperation in innovation (INCO-NET)
 - Targeted at: sub-Saharan Africa, Latin America and Caribbean, Mediterranean Partner Countries, South East Asian Countries
 - Bilateral coordination for the enhancement and development of S&T partnerships (BILAT)
 - Targeted at Australia, Brazil, China, India, New Zealand, Russia, South Africa, South Korea, USA and Argentina, Chile, Jordan, Mexico, Morocco, Ukraine

International Cooperation - BILAT

- Activities to include:
 - Supporting EU-Russian institutional dialogue
 - Promoting FP and bilateral cooperation, joint activities etc
 - Monitoring progress in bilateral S&T cooperation
 - Supporting FP Contacts
 - Analysing innovation measures, national innovation systems, framework conditions for research and innovation
 - Promoting twinning of research organisations
 - Studying feasibility of establishing a joint European liaison office

Ideas Programme

- The European Research Council (ERC) – first pan-European funding organisation for frontier research
- ERC grants are awarded, to attract or repatriate to Europe, early-career and senior top researchers, **of any nationality, and their teams**, for five-year projects
- PIs have to conduct their research project in any EU Member State or FP7 associated country (AC) -PIs need to physically spent at least 50% of their time in the MS/AC
- Investigator driven research / bottom-up approach. For all fields of research, from Social sciences and Humanities to Life Sciences and Physical Sciences. No thematic priorities. Scientific excellence is the only criterion for success

Ideas Programme

- Grant packages: Starting Grant: up to €2 million / Advanced Grant: up to €3.5 million Starting Grant call - 20 July - €729.98 million / Advanced Grant call - 16 November - €679.98 million
- New Scheme: 'ERC Synergy': will support small groups of Principal Investigators working jointly on similar research projects - Up to €15 million/ grant over 6 years – call publication in October 2011 – for very limited number of projects
- Evaluation: single submission of proposal – 2 stage evaluation, interviews for some ERC schemes

Marie Curie Actions

- Two calls issued on 20 July 2011 (ITN and IRSES), six other from 19 October 2011 until 13 March 2012 - Total budget ca. €900 million;
- Nearly all Marie Curie Actions are open to Russian institutions and researchers;
- The '**World Fellowship**' calls are of particular interest to Russia:
 - **IRSES** (funding eligible for staff exchange for both Russian researchers and institutions located in Russia) - 20 July 2011 - €30 million;
 - **IOF** (for EU MS/AC researchers going to institutions in Russia) - 13 March 2012 - €40 million;
 - **IIF** (for Russian researchers going to institutions in EU MS/AC) - 13 March 2012 - €40 million.

Marie Curie Actions – Interest for Russia

Institutions located in Russia are eligible in the following actions:

- **IRSES:** International Research Staff Exchange Scheme
- **ITN:** Initial Training Networks;
- **IAPP:** Industry-Academia Partnership and Pathways;
- **IOF:** International Outgoing Fellowships.

Researchers from Russia are eligible in all above-mentioned actions (excluding IOF) and in the following actions:

- **COFUND:** Co-funding of Regional, National and International Programmes;
- **IIF:** International Incoming Fellowships;
- **CIG:** Career Integration Grants.
